

## About Enfold IT

### Enfold IT

#### Small Business Computer Systems and Application Hosting systems

We at EnfoldIT believe that you should devote your time to growing your business, instead of worrying about your IT infrastructure.

The truth is, though, most small businesses waste precious resources on troubleshooting computer and networking issues &ndash; resources that otherwise could have been used for more productive ends.

You can now put an end to your IT headaches with our comprehensive suite of software and hardware network products. No matter your IT needs, you&rsquo;ll find a solution that&rsquo;s right for your company.

Dozens of payroll companies, data processing firms, law firms, accountants, and other small businesses have entrusted their network maintenance to EnfoldIT &ndash; and have enjoyed better performance, improved productivity, and peace of mind as result.

We invite you to contact us to learn how we can do the same for your company.
